

ABSTRACT OF THE DISCLOSURE

METALLIC NANO-OBJECTS FORMED ON SEMICONDUCTOR SURFACES AND  
MANUFACTURING PROCESS FOR THESE NANO-OBJECTS

Metallic nano-objects, formed on surfaces of semiconductors, and a process for manufacturing these nano-objects.

5 The invention is applicable in nano-electronics and for example provides a means of obtaining nano-objects (4) by depositing a metal on a prepared surface (2) of cubic SiC.
